

PGA of Canada golf Head Teaching Professional, Joel Monk, joins us with more than 25 years of experience in the golf industry.

Although Joel spent time trying his hand at various sports growing up, golf has always been the one that has captured his passion. After starting the game at the age of 10, Joel grew up playing at the Cottonwood Golf and Country Club. After high school, Joel attended Lethbridge College where he completed the Professional Golf Management Program.

Beginning his career in 1996 at Priddis Greens Golf and Country Club, he has since worked at several prestigious golf clubs including Canyon Meadows Golf and Country Club, Heritage Pointe Golf Club, and Sirocco Golf Club. Joel has also served as Head Professional and Director of Golf at both Collicutt Siding Golf Club and HeatherGlen. Although Joel has had many achievements throughout his life, including twice representing Team Alberta in the Canadian Club Professional Championship and playing in the 2007 ATB Financial Classic, Canadian Tour Event, his greatest achievement is his family, including his two boys which are following his athletic footsteps.

Joel believes that everyone is a golfer at their core and finds incredible passion in taking someone who has never golfed and helping them become comfortable on the course.
